

Celeb Twins Test Set - 80

A list of 80 sets of celebrity twins, with birth year and a link to a source indicating that they are monozygotic or identical, with each twin having 12 or more images readily accessible online. At least 43 of the sets of twins have differentiating skin marks (**SM**) visible in some images; see the example images after the list. Skin marks may not be visible in all images, or in reduced resolution versions of images. Only the most readily apparent skin mark(s) are noted; there may be others. Also, some sets of twins not noted with **SM** may have visible skin marks. Seven of the sets of twins have one left-handed or left-footed and the other right-handed or -footed (**LR**), indicating mirror twins; this should be noted in the linked source. It may be that some of the twins not noted as **LR** are in fact mirror twins.
